

City of Nappanee Permit Process for Grid-Tied* Solar Photovoltaic Systems (PV)

* *Prior to submitting plans to the Building Department, the applicant should submit an Interconnection Application to the electric utility, NIPSCO, to determine if the system meets all criteria and technical requirements to be interconnected to the utility grid.*

For details, visit the NIPSCO Renewable Energy Projects webpage at

<https://www.nipSCO.com/our-services/renewable-energy-projects>

** *Access the required Permit materials on the Solar Resources webpage under **“What Information Is Required to Apply for a Permit?”** at <https://www.nappanee.org/planning.html#Solar>*

Questions? Contact the Zoning Administrator at (574) 773-2112.
